Kanna Elixir should be stored at or below room temperature in a tightly sealed durable container. Kanna Elixir should be protected from excess heat, direct sunlight, excess humidity, and moisture. Kanna Elixir has a retesting period of 3 years from the date of analysis when properly stored. The concentration of alkaloids has been determined using GC-MS and each reported value is accurate within ±5%. The results expressed in mg/ml are calculated values using a tincture density of 1.2 g/ml.

Kanna Elixir

Main Benefits

- Kanna is a natural mood lifter which is known to promote a healthy sense of happiness and tranquility.
- Kanna is a mild SRI (Serotonin Reuptake Inhibitor).
- Furthermore, studies indicate that Kanna can be used to enhance cognitive function and may reduce addictive nicotine cravings.

Main Cautions

- Some reports have indicated that excessive amounts of Kanna can cause headaches and loss of appetite.
- Kanna should be avoided if you are taking any medication for depression.
- Do not use this supplement without first consulting with your doctor if you are taking any medication or have any medical condition.

Usage Tips

- A dropper is included. One full dropper contains approximately one serving, or approximately **30mg of Kanna Extract**. As a dietary supplement, take 1 serving 1-2 times per day. Start at the lower suggested quantity to assess response.
- The negative effects of Kanna Extract are dependent on the amount taken. Use of a scale with 10mg/0.01g accuracy or better is highly recommended.
- Use of capsules, or mixing with tea, yogurt, apple sauce, or oatmeal may help make the tincture easier to tolerate.
- This supplement is not intended to treat, diagnose, prevent, or cure any diseases. Consult your healthcare provider before use if you have a medical condition or if you are taking any prescription medications.
- It is safe to stack Kanna with other supplements, so long as the amount consumed does not exceed the suggested serving size.
- The benefits of Kanna are most effective when they are supported by a healthy diet and plenty of exercise.
